## KLEYR GRASSO

Independent law firm

## **COMMERCIAL LITIGATION**

Our experience in commercial litigation is as old as our firm.

Over the years, we have been involved in the most high-profile litigation and arbitration matters, representing our clients in contract law disputes, civil liability litigation, recognition and enforcement matters, as well as tort claims.

We advise clients in pre-litigation situations apply for provisional remedies and conservatory measures, and represent our clients in main proceedings before the court of instance, in appeal and before the *Cour de cassation*.
