Switch to optional “3G” scheme in the workplace

The Bill n°7964 modifying the amended Law of 17 July 2020 on measures to fight against the Covid-19 pandemic was submitted to the Chamber of Deputies on 7 February 2022.

Key point: the new provisions should be applicable **from the entry into force of the Law (date of its publication) and until 30 April 2022 inclusive**.

The Bill provides **an option “3G” scheme in the workplace**.

Important provision: this scheme, identical to the current “3G” scheme, could only be implemented with **the agreement of the staff delegation** if there is one (regardless of the number of employees).

In companies that decide not to use this faculty, the general sanitary rules applicable in case of meetings will have to be respected (wearing a mask, respecting social distances, etc.).

The Bill also intends **to abolish the “2G+” scheme in company canteens** and reintroduce the “3G” scheme.
