IFLR1000 - 2018 edition

In its 2018 edition, IFLR1000 ranks our firm in the top leading law firms in *Financial and corporate*, as well as in *Investment Funds*, placing us in the 3rd Tier in both practice areas.

The legal directory recognises **Rina Breininger**, **Jean-Paul Spang** and **Patrick Chantrain** as "highly regarded".

IFLR1000 Review - Financial and corporate

The team at Kleyr Grasso is recognised for its strengths in M&A and investment funds work. In those areas it is regularly engaged by hedge funds, insurance companies and private equity houses on mandates.

In the financial and corporate space, the firm's work largely revolves around advising those clients on a range of investments and regulatory matters. In a notable mandate, the firm assisted Sealed Air Corporation in relation with the sale of its Diversey Care division by advising on Luxembourg elements.

Similarly, the investment funds team focuses on handling the inward investments of those clients into a variety of Luxembourg-registered vehicles. In this space, a clear highlight saw the firm advise Corestate Capital Holding in setting up an Alternative Investment Fund and the acquisition of a property by that fund in Seville.

Notable staffing changes during the research period include the arrival of corporate counsel Renata Jokubauskaite from Jeantet.

Among the firm's key clients are Blackstone, GSO Capital Partners and TA Associates.

Client feedback

"Second tier legal company, which provides top quality services in investment structures." – Investment funds

"Very customer-oriented firm. I have over one year of experience working with the firm and have found well-prepared professionals with a customer-focused approach." – M&A
